I am aware that Graduate School policy requires that all work toward a Master's degree be completed within six years of initial admission (including time absent from George Mason University). I am aware that Graduate School policy requires that Doctoral students complete their dissertation within five years of advancement to candidacy (including time absent from George Mason University). I am aware of the catalog requirements regarding the number of credits that I must take after full admission to degree status (e.g. 18 credit hours for a Master's degree). I understand that courses taken in Non-Degree status do not fulfill this requirement. I certify that all information given on this application is correct.
